

Marin Family Action

Goal Oriented Outcomes (including Chocolate!)

Surprise your loved ones with a box of See's Chocolates and help support your community at the same time! As one of our annual fundraisers (be sure to check out [MarinStock II](#) also), we offer \$20 gift certificates for a box of chocolates from See's just in time for Valentine's Day -- followed by Easter, Mother's Day, Father's Day, birthdays . . . everyone loves chocolate, don't they?

OUR APPROACH: Marin Family Action focuses on goal-oriented outcomes.

We know that to develop any type of stability, including home ownership, the process begins with money management and establishing or reestablishing their credit worthiness. Our clients are taken through a well-thought-out plan and a step-by-step approach towards money management and fiscal responsibility.

Marin Family Action (MFA) is concerned about the economic, social, and wellness issues of families and individuals in Marin County. We are a strong grassroots organization successfully creating pathways for our clients to become knowledgeable advocates, and in that role become forceful in influencing and improving their political, social and economic quality of life.

PLEASE SUPPORT OUR EFFORTS. As our funding and our volunteer base grow, we will add programs that will benefit and strengthen individuals and families in our beautiful community. Please order on line or use the form below.
